

Shanti Yoga School Information & Application

Headquartered in Idaho, with a typical duration of five to twelve months, Shanti Yoga School's curriculum is covered in a workbook, weekly classes & weekend workshops. We strive to honor each individual's needs & strengths with a personalized & flexible structure while at the same time providing the highest quality education so that students can confidently and comfortably move into any teaching situation or attain deeper understanding of yoga for personal transformation.

We are guided by and registered with Yoga Alliance®, the national education and support system for yoga in the US and internationally, at both the 200 & 300 levels, as well as the Children's Specialization (RCYT) & Prenatal Specialization (RPYT). Yoga Alliance® supports the study and teaching of yoga, a system of knowledge that includes disciplines and practices originating in ancient India that integrate the physical, mental and spiritual aspects of human experience. They work in the public interest to ensure that there is a thorough understanding of the benefits of yoga, that the teachers of yoga value its history and traditions, and that the public can be confident of the quality and consistency of instruction. Yoga Alliance® maintains a national Yoga Teachers' Registry to promote teachers with training that meet stringent standards. Teachers registered are authorized to use the initials "RYT® (Registered Yoga Teacher) after their name.

Yoga Alliance also maintains a Registry of Yoga Schools that comply with their standards for yoga teacher training programs. Registered schools are authorized to use the initials RYS® (Registered Yoga School) after their names, and receive certificates of registration as well as registry marks. All graduates of an RYS are eligible to register as RYT's. The Registries are promoted to the general public, organizations that employ yoga teachers and organizations that review yoga teachers' credentials.
